July is the seventh month of the year (between June and August) in the Julian and Gregorian Calendars and the fourth of seven months to have a length of 31 days. It was named by the Roman Senate in honor of Roman general Julius Caesar, it being the month of his birth.

July's birth flowers are the Larkspur or Water Lily and the birthstone for is the ruby which symbolizes contentment. The zodiac signs for is Cancer (1st - 22nd) & Leo (23rd—31st)

July 4th is a federal holiday in the United States commemorating the Declaration of Independence of the United States on July 4, 1776. The Continental Congress declared that the thirteen American colonies were no longer subject (and subordinate) to the monarch of Britain and were now united, free, and independent states.^[1] The Congress had voted to declare independence two days earlier, on July 2, but it was not declared until July 4.

National Ice Cream

In 1984, President Ronald Reagan designated July as National Ice Cream Month and the third Sunday (July 21st) of the month as National Ice Cream Day.

Hot Dog Days are informal events that are celebrated in communities throughout the hotdog-eating world, including the United States. The National Hot Dog and Sausage Council in the US designates July as National Hot Dog Month; National Hot Dog Day varies year to year – in 2019 it falls on Wednesday, July 17 – when the North American Meat Institute hosts its annual Hot Dog Lunch on Capitol Hill. The fourth Thursday of July (July 25th) is also National Chili Dog Day.

DID YOU KNOW - you can celebrate food almost everyday of the year. **National Fired Chicken Day** is July 6th and **National French Fry Day** is July 13th. To get a list of all the food days and eat your way through the month go to https://en.wikipedia.org/wiki/List_of_food_days#July.

The Dog Days of Summer, by definition, are the hottest and steamiest part of summer. Typically, this is the period when Sirius, the Dog Star, rises at the same time as the Sun, from July 3 -August 11.

When the Dog Days of Summer arrive, it's time to do those memorable summer time activities, that help us to keep our cool. They may include:

- * Take a dip in the pool, go to the beach or a water park
- * Watch the sultry days go by in a cozy hammock
- * Laze under a shady tree.
- * Quench your thirst with a frozen summer drink.
- * Go to an evening baseball game

Announcements from the Board

Street Parking

Hello Neighbors,

At the June 19, 2019 meeting of the CDD Board of Supervisors reaffirmed the desire of the Sampson Creek CDD to help the SJGCC HOA aka “our neighborhood” maintain our roads as safe as possible. The issue of street parking is being addressed. Briefly, the Central Security Agency when patrolling the neighborhood will note street parking violations and report them to SJGCC HOA Management Company. These violations will be then referred to the SJGCC Covenant Enforcement Committee for action if deemed appropriate. To read the entire policy, please refer to the HOA section of the SJGCC web site (<https://www.stjohnsgcc.org/hoa/>)

Thank you for your cooperation and understanding,

Tom Hudson
Chairman Sampson Creek CDD

NO FIREWORKS!!

With Independence Day fast approaching, the Association would like to remind all residents that Exhibit C, Section (c) of the Declaration for St. Johns Golf and Country Club prohibits the discharge of fireworks within the community.

Thank you for your cooperation.

We hope you all have a safe and enjoyable 4th of July!

“Independence Day: freedom has its life in the hearts, the actions, the spirit of men and so it must be daily earned and refreshed – else like a flower cut from its life-giving roots, it will wither and die.”

– Dwight D. Eisenhower

Let's Get a Watermelon

If you're buying a watermelon that's already been picked, here are the key things you'll need to look for to make sure you choose a winner:

Look For Symmetry

While it may sound superficial, it's for good reason that you're going to want to find a watermelon that's symmetrical and blunt on both ends. A melon that's odd-shaped or pointy could indicate poor pollination and may not be fully ripe.

Look For The Field Spot

Lift that baby up and look for the field spot. This is the place where the melon sat on the ground.

If the spot is creamy and yellow, it means that the melon is ripe. If it's still white, it was picked too soon.

Check The Exterior

It's likely that you already know that the dark green color is best, but make sure it's not too shiny. Also, check that it's firm and that there are no cracks or deep scars.

Give It A Thump

You've probably seen plenty of people bent over a watermelon bin, thumping away on them. This is because a ripe melon has a nice, hollow sound, like a drum or knocking on a door. An unripe melon will be high pitched, and an over-ripe melon will give off a low tone.

Smell It

Admittedly, this works better for other types of melon, but it still works on a watermelon.

A ripe watermelon should smell slightly sweet, but not too sweet as that could indicate it's overripe.

Lift It

A ripe melon should be full of juice and should feel heavy for its size.

Shake It

When you pick up the watermelon to feel its weight, give it a shake as well. If things are moving around inside, it could be overripe.
